Unit 2: Building Community Overview

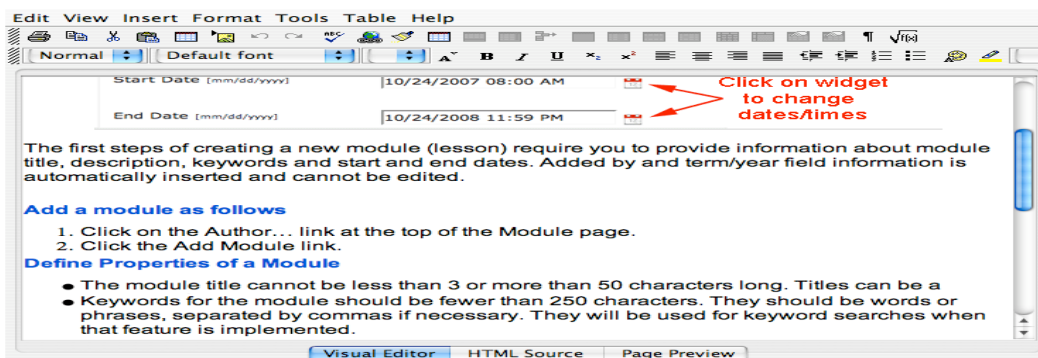

Our class is comprised of educators from across the state who have and experience with web-based technologies. We all have one thing excellence and innovation.

The Challenge:

This class is heavily focused on the exchange of ideas, so it is critic virtual communication. Misunderstandings occur easily online, even have to agree with each other, but we must "show" respect for differences may be offensive to some! Apologies. However, as anyone who has been misunderstood online.

In face-to-face communication, **language** to help us communicate alone can provide us with with it. All of that is absent in the online have **writing** and **emoticons**. A riskier. As a result, very few even the traditional classroom, it is impossible so that we are on the same page add yours in this unit in addition getting-to-know-you tasks.
